MEMORANDUM FOR: Deputy Director of Personnel

SUBJECT : Cancellation of Recruitment Schedule at the

[REDACTED]

After conferring with Mr. [REDACTED] I believe that we should not have our recruiter use his trip to Washington or other administrative excuse for not appearing on the campus [REDACTED] I believe the recruiter's statement to the Coordinator of University Placement Services should be short and to the point as follows:

"I regret that I will be unable to keep my interviewing appointment which was scheduled for early February. We shall try to make arrangements to interview interested students at another location."

Obviously, such a terse statement will not end the conversation with Professor [REDACTED] When asked why he will not be able to keep the appointments, the recruiter should state frankly that we feel there may be trouble on the campus if he appears and that we do not want to be the object of disruption of campus activities. Also, "I hope that the situation in March will permit me to conduct interviews on campus at that time." We should proceed with cancelling scheduled interviews at [REDACTED] in the near future. I see no possibility that the [REDACTED] is likely to change to a degree which would cause us to reconsider this decision.

STAT

I regret that I am not going to be able to keep my interviewing appointment with you [redacted] scheduled for the 7th, 8th, and 9th of February.

I am having to make a number of realignments in my schedule for the balance of the year because of my having to participate in Agency conferences in Washington the end of this month. I'm scheduled to be with you at [redacted] again on March 11th and 12th and when I return from Washington I hope I will have some firm word for you with regard to those dates.

2. Note: I think this is the way a recruiter could play it with a Placement Director, that is, without further explanation--simply making it a matter of his personally having to rearrange his calendar to participate in Headquarters conferences. This will only borrow us a month's time, however, and while [redacted] is here 29-31 January, we probably will have to firm up a Headquarters reason for his not keeping his March appointment. We should also talk with [redacted] when he comes in about the feasibility of interviewing [redacted] students at a Federal Building [redacted] and how we would broach this proposal to the University.
